

GEDC LAUNCHES LIVE, WORK & PLAY

Greenstone Economic Development Corporation (GEDC) continues to reconstruct the look and functionality of their website www.gedc.ca. The new section is to promote the investment readiness of the Greenstone Region. GEDC is promoting the region as a business-ready region through a three pronged approach. LIVE, gives an in-depth look into the services available to live comfortably in the great north that are available to all residents and businesses in the region. WORK, touches on the employment opportunities in Greenstone and houses the recently launched Business Directory. PLAY, because no community is complete without activities and events to keep the locals and tourists busy while they are not hard at work. The Live Work Play will give the outside world a sneak preview into the Greenstone region as well as inform the citizens of what is available to them to enrich all aspects of Greenstone living.

Greenstone Economic Development Corporation fosters and encourages the start up and operation of successful enterprise in all economic sectors within the Greenstone region. The Corporation is a community-based, non-profit organization administered by a volunteer Board of Directors and is funded by FedNor Industry Canada. For further information please contact 807 854-2273 ext 22.
